

Presents our newest addition to the Risk Management video resource library

INCREDIBLE BUT TRUE: YES, THAT REALLY HAPPENED

What's Included?

This 13-minute video includes potentially disastrous scenarios that can occur when safety and common sense are not appropriately emphasized in making decisions.

Incredible But True: Yes That Really Happened demonstrates the profound impact that viewers can have on themselves and others by making a conscious decision to prioritize safety. When involved with an event or activity through their ministry with the Church, theirs could be the voice that makes a difference.

To have these trainings added to your customized platform, please contact CMG Connect Support at <https://CMGconnect.org/> via the  button located in the bottom right corner of the page.

For more information, please contact your Risk Management Representative.
